

## Chemical Biology Seminar Series 2/2018

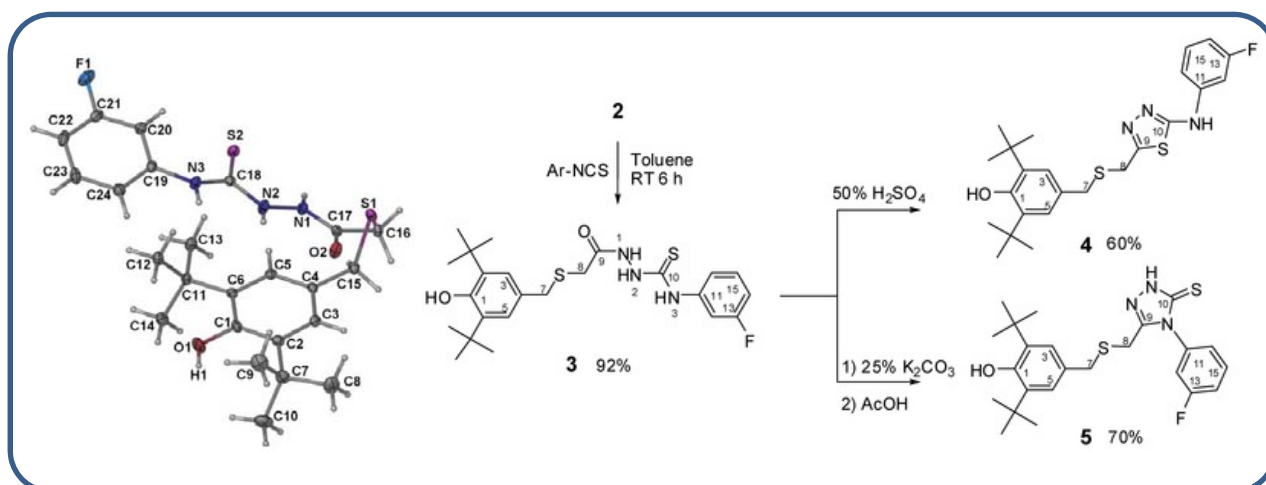

School of Advanced Materials &  
Renewable Resources  
Faculty of Science & Technology

### Synthesis of Butylated Hydroxytoluene Derivatives and Other Related Compounds As Multipotent Antioxidants (MPAO) and Their Possible Anticancer Application

Prof. Dr. Azhar bin Ariffin,  
Department of Chemistry,  
Faculty of Science,  
University of Malaya

**Date** : 7<sup>th</sup> November 2018 (Wednesday)  
**Venue** : Bilik Mesyuarat DAM FST, UKM  
**Time** : 11 a.m. -12.30 p.m.

**All Are Welcome!**

Jointly organised by the:  
UKM Chemical Biology Research Interest Group,  
Organic & Biomolecular Chemistry Section, IKM
