

Exploring the Challenges of Science Communication

SPEAKING IN SCIENCE WORKSHOP

Thursday

7th January 2021

10.00 AM - 12.30 PM

via **Zoom Meeting**

Lucky Draw

Worth up to **RM200**

https://bit.ly/ACSUSM_SISWorkshop

Speakers:

Ts. Dr. Magaret Sivapragasam

Lecturer & Head of Programme
Faculty of Science & Technology
QUEST International University, Perak

ChM. Dr. Yvonne Choo Shuen Lann

Lecturer
School of Energy and Chemical Engineering
Xiamen University Malaysia

Speaker's Profile

Ts. Dr. Magaret Sivapragasam

Lecturer & Head of Programme
Faculty of Science & Technology
QUEST International University, Perak

- Awarded the Science Finder CAS Future Leader Award by the American Chemical Society in 2017
- Placed on the Periodic Table of Younger Chemists, IUPAC 100 (Ytterbium) in 2019
- Honoured with the title Super Female by FEMALE Magazine where she was selected as the top 45 women in Malaysia
- Featured in 100 Scientists of Malaysia
- KOTEX She Can award recipient
- Affiliate member of the Young Scientist Network-Academy of Sciences Malaysia (Science communication working group)
- Founding member of the Facebook group, Sembang Science

ChM. Dr. Yvonne Choo Shuen Lann

Lecturer
School of Energy and Chemical Engineering
Xiamen University Malaysia

- BSc (Hons) Pure Chemistry, USM in 2014 and PhD in Chemistry, Newcastle University, UK in 2018
- A STEM ambassador, a member of the RSC and the youngest council member of IKM
- A SciComm enthusiast, actively involved in various public engagement events since 2010
- Placed on the Periodic Table of Younger Chemists, IUPAC 100 (Bohrium) in 2019
- Featured in 100 Scientists of Malaysia
- Owns a STEM blog (yvonnechoo.tumblr.com) documenting her journey of becoming a scientist
