

# MALAYSIAN NATIONAL CHEMISTRY CONVENTION (MNCC) 2022

## Forum on Chemistry & Climate Change (C&CC)

26th March 2022

Plenary Theatre, Level 3

Kuala Lumpur Convention Centre (KLCC)

Jalan Pinang, 50088 Kuala Lumpur

As of 2022, IKM will organize the Malaysian National Chemistry Convention (MNCC) as an annual event of IKM. MNCC will comprise two sessions. One will be a half-day scientific session on a topic related to the latest development in chemistry; the other session will be the IKM Annual General Meeting in the afternoon. The scientific session will be open to both members and non-members; but the AGM will be for IKM members only.

For MNCC 2022, it will be held at the Kuala Lumpur Convention Centre, Kuala Lumpur on Saturday, 26 March 2022. The scientific session will be a Forum on Chemistry & Climate Change (C&CC). We have invited a number of key experts to speak at the Forum and the Tentative Programme is shown next page.

For those interested to participate in the C&CC Forum, please fill in the Registration Form next page and send it to IKM. Please submit your Form early as we are limiting the number of participants to 100.

See you at the Forum and we welcome your active participation.
