## **Forum on Continuous Professional Development (CPD) Programme for Registered Chemists under Chemists Act 1975 (Act 158)**

Institut Kimia Malaysia (IKM) is a professional scientific organisation under the Chemists Act 1975 (Act 158). For a professional organisation like IKM, continuous professional development (CPD) is an essential part of the profession. We are organising this Forum to look into various aspects of CPD for Registered Chemists under Chemists Act 1975 with the view to implement CPD programmes in the near future. Representatives from a number of professional Boards will be invited to share their CPD programmes.

All IKM members are advised to attend this Forum to give your inputs.
